

# 1618 METER

METER COUNTER RESOLUTION = 0.01 GALLON

STANDARD 1618 METER  
WHEN PISTON INSIDE METER MOVES IN ONE DIRECTION FROM BOTTOM-TO-TOP  
OR FROM TOP-TO-BOTTOM, COUNTER CHANGES 1/100th OF A GALLON.

SPECIAL 14308 METER  
(1618 WITH A S.P.S.T. NORMALLY OPEN SWITCH)  
PISTON HAS TO MOVE ALL THE WAY UP AND BACK DOWN AGAIN TO CLOSE  
SWITCH. THAT MAKES THE SWITCH CLOSURE RATE 1/50th OF A GALLON.
